

Máquina
CNC

```
graph TD; A[Máquina CNC] --- B[Controlador CNC]; B --- C[Mando a distancia];
```

The diagram illustrates a CNC system architecture. It consists of three main components: a Machine (Máquina CNC) represented by a green box at the top left, a CNC Controller (Controlador CNC) represented by a light blue box at the bottom left, and a Remote Control (Mando a distancia) represented by an orange box at the bottom right. A vertical blue line connects the Machine to the Controller, and a horizontal blue line connects the Controller to the Remote Control.
